## BIG STEAMSHIP DISASTER AT NEW ORLEANS

**35 MEN MISSING,  
58 ARE INJURED,  
5 SHIPS BURNED**

**EXACT CHECK TO FOLLOW WHEN  
SURVIVORS ARE BROUGHT  
TO PORT**

**FLAMING OIL CAUSED BY EX-  
PLOSIONS FIRES NEARBY  
VESSELS**

New Orleans, April 9.—(UP)—From yesterday noon to near day-break the Mississippi river near here was shot by flaming oil caused by explosions from two steamship disasters the greatest in the history of this port.

Thirty-five men are missing or dead. Fifty-eight were injured and are in hospitals and five vessels have been burned or damaged.

An exact check of the number of dead and injured in the Silvanus crash cannot be made until the three ships bringing survivors reach New Orleans today.

The Tropical Radio company provided the only means of communication with Point a La Hache.

Members of the crew have been filing "all's well" messages to home folks since the collision and the number indicated, according to radio officials that the casualty list may be greatly reduced when a complete check is possible.

Fifteen Chinese and Scandinavian members of the crew are being treated today for burns and other injuries.

The six missing from the O. T. Warring are believed to have been hurled overboard and carried down the swift current of the Mississippi to their deaths.

Reports that mangled bodies are being taken from the wreckage brought scores of relatives to the river bank.

Three ships were still bringing rescued seamen to New Orleans at dawn, while extra physicians and nurses were caring for the injured at Charity hospital.

The harbor is dotted with vessels searching for bodies, and ambulances are stationed to meet incoming ships in case more survivors are found by the cruising ships.

Of the damage to vessels, the Silvanus is the heaviest victim. It is a total loss. The O. T. Warring suffered \$100,000 damage and the British freighter Manx Isle alongside, caught fire and sustained damaged plates from the force of the explosion. Another ship on the starboard side was slightly damaged. The Thomas H. Wheeler is aground and damage is estimated at \$300,000.

New Orleans, April 9.—The port of New Orleans today recovered from its night of horror and relief workers set about caring for those rescued from a succession of ship disasters that brought death, injury and destruction.

A check up of the hospitals and among the seamen along the docks revealed that 34 men are still missing from two of the vessels, which within 18 hours were rocked by a series of explosions.

Five men who were aboard the O. T. Warring, which was fired in dry dock yesterday, have not been heard from.

Twenty-nine members of the crew of the Dutch tanker Silvanus have not been located since that vessel collided with the Standard Oil tanker Wheeler in the Mississippi river at Point a La Hache, 50 miles south of here. The Wheeler was beached after the collision with slight damage. The Silvanus was last seen with her decks a mass of blazing oil, helpless in the flow of the Mississippi.

The origin of the fires and explosions was in dispute today.

The fire in the dry dock was said by the captain of the O. T. Warring to have started from sparks carried from a shore fire. This was denied by company officials, however.

### FIRE SWEEPS TOWN OF AKELEY

**SEVEN BUSINESS PLACES WERE  
DESTROYED BY FIRE LAST  
NIGHT**

Akeley, Minn., April 9.—(UP)—Seven business places were destroyed by fire, which swept half of the business section last night. Dynamite aided in stopping the flames. Several firemen suffered injuries.

## British Coal Miners May Have General Strike

**FASCIST POLICE  
AND POPULACE  
CLASH; 3 KILLED**

London, April 9.—(UP)—A dispatch from Chiasso, Italy, to the Daily Herald today reports three persons killed and many wounded in a clash between fascist police and the population.

Twenty homes of anti-fascist in Milan have been wrecked and their occupants beaten, the dispatch says, in reprisal for Wednesday's attempt of a demented British woman to assassinate the premier.

**SPAIN AND  
FRANCE TO  
MEET RIFFS**

**A FORMAL PEACE CONFERENCE  
WITH ABD-EL-  
KRIM**

**HOPE TO FIND TERMS THAT  
WILL BE MUTUALLY  
ACCEPTABLE**

By A. L. BRADFORD  
(United Press Staff Correspondent)  
Paris April 9.—France and Spain today agreed to discuss peace terms with Abd-El-Krim in formal conference.

Negotiations between the European allies have been in progress for some time in an effort to find terms which would be mutually acceptable.

The Franco-Spanish agreement of terms of peace to end the war which has raged in Morocco for 20 years, was announced today by Paul Painleve, minister of war, following a cabinet meeting. The French and Spanish plenipotentiaries will meet in Paris and thence will proceed to Oudja, Morocco, where they will begin negotiations with representatives of the Rifian leader.

France's delegates have already been selected and it is understood that General Primo De Rivera, the Spanish dictator, has named the men to represent Spain.

Paris, April 9.—The cabinet today accepted the resignation of Louis Malvy, minister of the interior. Jean Durand, minister of agriculture, was named by Premier Briand to succeed Malvy.

Malvy's presence in the Briand ministry, former following the defeat of the Briand government on March 6, aroused tremendous opposition among the right deputies, who charged that he had never been cleared of war time charges of treason, for which he was once exiled. During debate in the chamber following the League of Nations meeting at Geneva, a scorching attack was launched at Malvy. He sought to reply but could hardly speak for emotion. A few minutes later he collapsed and he had not appeared in the chamber since.

**FARMERS OF FOUR  
COUNTIES DEDICATE  
FINE NEW CREAMERY**

Greenbush, April 9.—(UP)—Farmers of four counties joined today in helping members of the Greenbush Co-operative Creamery Association to dedicate a fine new creamery building.

A. J. McGuire, Minneapolis, manager of the Land O' Lakes association and C. G. Selvig, Crookston, superintendent of the Northwest School of Agriculture, delivered the principal addresses.

Since 1910 the creamery here has trebled its number of patrons and has increased its money output for butterfat from \$14,000 in 1910 to over \$110,000 in 1925.

**ARSON CHARGE  
CONVICTION IS  
UPHELD BY COURT**

St. Paul, April 9.—(UP)—Conviction of David Tuomi on an arson charge in Itasca county court was upheld today by the state supreme court.

The court upheld Judge W. C. McClenahan's refusal to grant a new trial after a jury had found him guilty of setting fire to the building at Grand Rapids, which he owned and occupied as a residence and shoe repair shop. Tuomi must go to jail.

**COOLIDGE IN  
AN APPEAL FOR  
LAW OBSERVANCE**

**ALSO ASKS PRESS AND PUBLIC  
SUPPORT OF TOLER-  
ANCE**

**OF INTERNATIONAL HARMONY  
IN JOURNALISM SPEECH  
MADE**

Washington, April 9.—(UP)—President Coolidge yesterday appealed for press and public support of tolerance, international harmony, law observance and the constitution in his second journalism speech of the day.

Speaking before a throng of Washington newspapermen at the cornerstone laying of the new National Press club building, the president emphasized the importance of a constructive press and deplored race hatred, class feeling and religious persecution, however they might be exhibited, whether under a form of law or through the force of public opinion.

"Misrepresentation and caricature of foreigners," he warned, "sowed seeds of war. Peace could not be cultivated by suspicion, distrust and hatred," he said.

Mr. Coolidge spoke approvingly of the world court adherence, but bluntly told his listeners that the United States was staying out of the League, because we did not interfere in others' political affairs.

He asserted that moral and political disarmament was an absolutely essential prerequisite to military and naval disarmament.

Race hatred, he said, had no justification in reason, adding that it and other similar feelings dwarf and destroy those who permit themselves to come under the domination of these motives.

He praised toleration, characterizing it as an interpretation of the golden rule and an active quality which means bestowing upon others and thereby receiving ourselves the benefits of our own tolerance.

Mr. Coolidge also advocated international friendship and good will as having very large money value.

"The president made it plain that he was looking to the newspapers to advance his plans for an international disarmament conference. 'Without a friendly attitude of mind on the part of our people, which can be very largely advanced by the action of the press, all effort on the part of the government to maintain harmonious international relations will be of little avail,' he said.

The press, he said, in concluding, must rest on a reverence for religion. 'Except the Lord build the house they labor in vain that build it,' he quoted from the Bible.

**\$50,000 DAMAGE  
SUIT SETTLED  
FOR \$20,000**

Milwaukee, Wis., April 8.—(UP)—The damage suit of Eric Erickson, Rhinelander, Wis., for \$50,000 against George and Blanche Kissel, Hartford, Wis., which was to have been tried here yesterday was settled out of court for \$20,000, according to Raymond Cannon, attorney representing Erickson.

The suit is the result of an automobile accident in which Anna Erickson, wife of Erickson, and Esther Wiedeman, 18, were killed here on October 14, 1925.

**PARTY HAD A  
FATAL ENDING**

**FRANK MURPHY, 52, ST. PAUL,  
DIED FROM STAB  
WOUNDS**

Minneapolis, April 9.—(UP)—Frank Murphy, 52, died from stab wounds inflicted while a party was in progress at his home in St. Louis Park.

Murphy's wife and three visitors were held for questioning by Sheriff Earle Brown. The visitors were Frank Westdahl, Wesley Miller and Miss Anna Oster.

Mrs. Murphy, her husband and Westdahl all bore cuts on their hands as though they had resisted the butcher knife, with which Murphy was killed. Deputies had not found the knife early today.

**COUNT PLUNKETT'S  
HOME RAIDED  
NEAR DUBLIN**

Dublin, April 9.—(UP)—Detectives today raided the home of Count Plunkett, former Irish Free State minister of foreign affairs, and arrested the count's two sons, despite their father's protest. The house was exhaustively searched. It is believed that the arrested men are suspected of revolutionary activity.

**MUSSOLINI  
IS ENROUTE TO  
AFRICAN SHORE**

**ABOARD CAVOUR, ESCORTED BY  
FIFTEEN OTHER WAR-  
SHIPS**

**RARELY HAS A PEACE TIME SOV-  
EIGN TRAVELED IN SUCH  
STATE**

Rome, April 9.—(UP)—Premier Mussolini is en route to Africa today aboard the dreadnaught Cavour, escorted by 15 other warships. Mussolini will visit the Italian colony of Tripoli.

Rarely has a peace time sovereign or dictator traveled in such state as that which surrounded Mussolini as his squadron left Fiume at the mouth of the Tiber yesterday. The squadron arrived at Gaeta shortly before 8 P. M. and disembarked the fascist party directorate and the provincial party secretaries who had been Mussolini's guests aboard the Cavour. The tremendous popular farewell at Fiume was duplicated at the welcome at Gaeta.

Meantime in Rome the authorities are deciding upon what shall be done with the Hon. Violet Gibson, who Wednesday sought to assassinate the premier, slightly wounding him in the nose. Bruno Cassinelli, a socialist deputy and one of the ablest members of the Roman bar, has been appointed as Miss Gibson's attorney. The demented, would-be assassin is confined in a padded cell under constant observation. Her brother, Lord Ashbourne, and her sister are expected here today or tomorrow.

Several eye witnesses to Wednesday's shooting today informed the authorities that Miss Gibson had frequently asked them before Mussolini appeared whether the king was in the building where the International Surgeons' Association congress was in session. It is thought she meant to kill the king.

**TIM MURPHY  
BACK WITH BOYS**

**ABSENT PREVIOUSLY, 3 YEARS  
IN FEDERAL PENI-  
TENTIARY**

Chicago, April 9.—(UP)—Tim Murphy has returned to his boys down back of the yards.

After three years in the federal penitentiary at Leavenworth, Kas., where he was sentenced for conviction in the Dearborn Street railroad station robbery, the two fisted leader returned to his cohorts last night.

The Gas Workers' Union had its usual meeting. There was a humdrum business session when Tim, grinning from one corner of his mouth, strode in. The boys down back of the yards greeted their flashily dressed leader with cheers, applause and whistles.

In his first speech before the gas house gang, Murphy pointed out that he was proud of the way the gas house gang had rallied to his aid while he was in prison and also how they had endorsed his policies while he was in prison.

The labor leader was given assurance that he would be at the head of the gas house gang for as long as he desired.

**TIGRIS RIVER  
FLOOD-SWOLLEN,  
BURSTS ITS BANKS**

Bagdad, April 9.—(UP)—The Tigris river, swollen by floods, has burst its banks upstream from Bagdad. The king's palace has been flooded and the city is in danger of serious damage.

**HUNG FROM  
WINDOW OF  
19TH FLOOR**

**THEN DROPPED TO THE GROUND  
FROM CHICAGO HOTEL,  
DYING INSTANTLY**

**APARTMENT WAS ON FIRE, FEV-  
ERISH ATTEMPT MADE AT  
RESCUE**

Chicago, April 9.—(UP)—While flames shot across the window ledge searing his fingers, Louis J. Ainsworth, wealthy head of a Cincinnati O. radio manufacturing company, early today hung from five minutes from a 19th story window of the Morrison hotel and then dropped to the ground, dying instantly.

Ainsworth's drop was the culmination of five minutes of feverish attempted rescue work during which two men risked their lives and dozens of others attempted to rescue the man.

Pedestrians walking along the sidewalk were attracted by the screams of Ainsworth as he hung from the window. They saw flames leaping through the aperture.

At the same time men started from downstairs to batter in the door, J. W. Melville, a shoe salesman, who had the room below, and Frank Gillette, a New York art dealer, started a desperate attempt to get to the stranded man.

They opened their window and Melville climbed on to the ledge. Gillette went under him and a human chain was formed that reached the bottom of the man's feet.

Ainsworth weighed more than 100 pounds so it was impossible to grasp him by the ankles and lower him to their window.

However, the two men at the risk of their lives supported Ainsworth and enabled him to hold much longer than would have been possible otherwise. The door was chopped down just as Ainsworth let go of the ledge.

Firemen believed that a lighted cigarette dropped on the bed before Ainsworth went to sleep, was the cause and that when Ainsworth was awakened by the flames he lost his direction, dashed for the window and was half way out before he actually awakened.

**NOW ADRIFT ON FLOATING ICE  
IN A RAGING SNOW-  
STORM**

St. Johns, N. F., April 9.—(UP)—Sixty members of the crew of the steamer Seal are adrift on floating ice in a raging snowstorm, according to reports today from the steamer Eagle which said she was on her way to rescue the marooned sailors.

The Seal was making her second sealing trip of the season, when an explosion rendered her helpless 10 miles east of Balacala Island, which is north of the Avalon Peninsula. The entire crew of 60 abandoned the vessel.

**MAKING PROGRESS  
IN FUNDING OF  
FRENCH WAR DEBT**

Paris, April 9.—(UP)—Henry Berenger, French ambassador to the United States, is making good progress in his negotiations to fund the French debt, Finance Minister Peret told the United Press today following a cabinet meeting at which he reported Berenger's progress to his colleagues. Peret is now awaiting further reports from Berenger before going to London to discuss funding of the debt to Great Britain.

**BELIEVED DAUGHTER WILL FOL-  
LOW IN COMMONER'S  
FOOTSTEPS**

By RICHARD C. WILSON  
(United Press Staff Correspondent)  
Lincoln, Neb., April 9.—Politics, which kept the family name of Bryan in the limelight for 30 years through the activities of the late William Jennings Bryan, will continue to keep the name before the public.

Announcement of Mrs. Ruth Bryan Owen at Miami, Fla., that she will become a candidate for congress from the fourth Florida district, is looked upon here, the home of the Bryans for many years, as meaning the Commoner's daughter will follow her father's footsteps. The late Commoner shaped his colorful political career during a term as congressman from Nebraska.

Mrs. Owen, like her late father, is a talented orator. She has performed on the professional stage for several years as an elocutionist. She is also a popular women's club speaker. With the advent of women into national politics now a reality, her local friends foresee her as a national woman political leader.

Simultaneous with Mrs. Owen's advent into politics, Charles W. Bryan, her uncle, enters the campaign for the governorship of Nebraska. He is expected to arrive in Lincoln tomorrow from Florida to open his campaign for the democratic gubernatorial nomination. Bryan served one term as Governor of Nebraska, giving up his chance of re-election to accept the democratic vice presidential nomination in the 1924 election.

Should Bryan be successful in his race for governor, local political leaders expressed belief today that he will use his gubernatorial success as a stepping stone to bidding for national political prestige, such as his late brother enjoyed for three decades.

**LIGHTNING BOLT FIRED ONE OF  
THE TANKS YESTER-  
DAY**

Los Angeles, April 9.—(UP)—All night fire burned in two tank farms of the Union Oil Company, one at Anaheim, some 25 miles from here and the other at San Luis Obispo, 200 miles north, destroying oil and tanks and causing losses counted in millions.

Men conscripted from the streets of Brea and Anaheim fought the oil fire there which started yesterday when a lightning bolt struck one of the great tanks.

At San Luis Obispo, the fire has been burning more than two days and several hundred men with plows and tractors have thrown up great dykes of earth in their efforts to confine the burning black oil and prevent its spreading. Already more than 300 acres are covered by the flaming mass and the black smoke hangs thick for miles around.

The fires thus far have cost four lives.

**WAGES AND HOURS OF LABOR  
UNDER DISPUTE BY THOU-  
SANDS OF MINERS**

By MINOTT SAUNDERS  
(United Press Staff Correspondent)  
London, April 9.—Representatives of Great Britain's hundreds of thousands of coal miners today rejected the proposals of the mine operators for settlement of the wages and hours of labor disputes which may result in a general strike May 1.

The Miners' Federation National Conference, which acted today, merely approved the recommendations of the union executive committee that the operators proposals be rejected and that the miners adhere to the principle that wages shall not be reduced nor hours of labor lengthened. The conference also rejected the proposal that district wage agreements be substituted for the existing national agreement.

The delegates said they expected to confer with Premier Baldwin tonight.

The resolution passed by the conference is a carefully worded substitute for the extremist demand that the whole royal commission report be rejected. The resolution concentrates its attack on the operators' proposals for making the commission's recommendations effective. This will naturally make subsequent joint discussions more difficult.

**INSURANCE COMPANY  
MUST PAY CLAIM**

St. Paul, April 9.—(UP)—The Pacific Mutual Insurance company must pay Sebastian Mack \$2,800 on a health benefit policy under a supreme court ruling today. The company asked a new trial after a Hennepin county court decided in Mack's favor, which was refused. The supreme court upheld Judge Mathias Baldwin.

**3 DEAD, MANY  
HURT IN WRECK  
OF THE PENNSYLVANIA**

Camden, N. J., April 3.—(UP)—Three persons are dead and more than a score are in hospitals seriously injured as the result of the wreck of a Pennsylvania railroad train bound for Atlantic City from New York, which left the rails near Morris Junction.

Camden, N. J., April 9.—Three investigations were in progress today in an effort to place the blame for the derailment of a Pennsylvania express train last evening in which three persons were killed and more than 30 hurt.

The train known as the "Nellie Bly" was speeding toward Atlantic City from New York, carrying hundreds who planned to spend this week end at the seashore. The engine and four cars left the rails on a wide curve near Delair, 6 miles from here. The Pennsylvania railroad, the state board of public utility commissioners and the county authorities sent representatives to the scene today.

**NATIVE SON GETS  
A SHERIFF'S JOB**

Elk Point, S. D., April 9.—(UP)—J. H. Sinclair of Beresford, 36 years old and a native son, is the new sheriff of Union county, having been appointed yesterday by the county commissioners as a result of the ousting of John Dahlin, of Elk Point by Governor Carl Gunderson.

Dahlin declared today that he will carry the fight into court. He claims he is the victim of a frame-up through affidavits alleging inefficiency, presented to the governor.

**TWO MORE IN RACE  
FOR THE SENATE**

St. Paul, April 9.—(UP)—Two more joined the race for the state senate seats today.  
C. D. McCoubrey, Moorhead, filed as a candidate in the 49th district, comprising Clay and Wilkin counties and L. P. Lund, Luverne, filed from the 11th district, including Nobles and Rock counties.

## MRS. MAYME HODGE AT MINNEAPOLIS

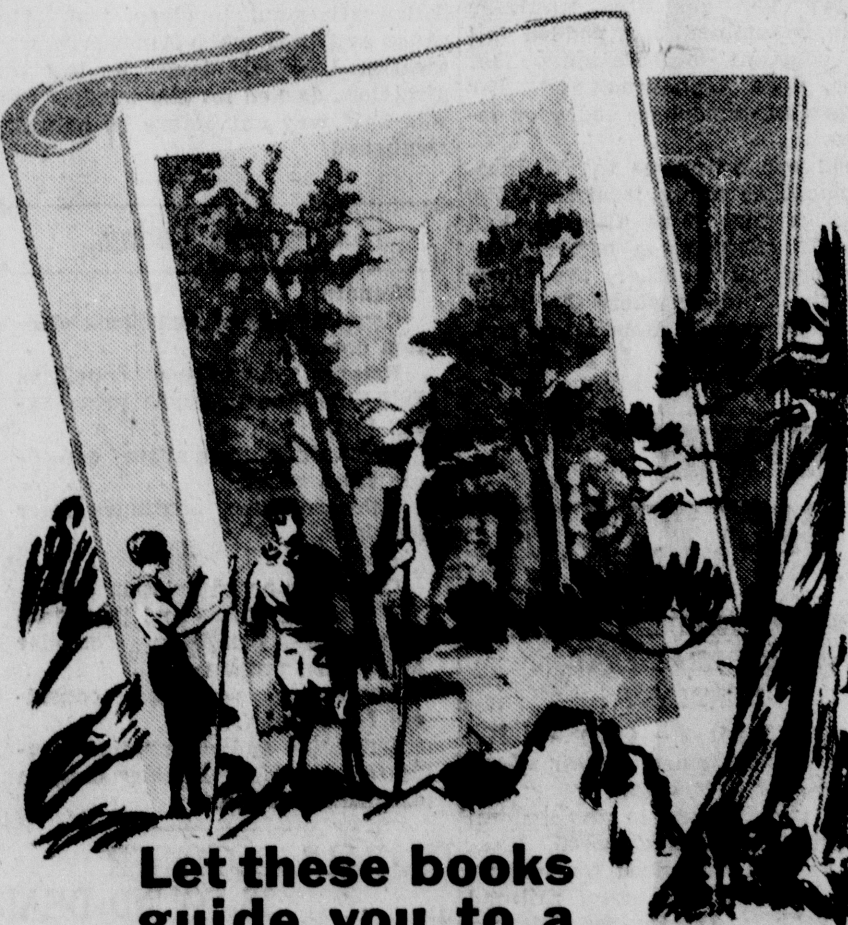

VOLUNTARILY APPEARS BEFORE COUNTY ATTORNEY FLOYD OLSON

Minneapolis, April 9. — (UP) — Mrs. Mayme Hodge, LaCrosse, today voluntarily appeared before Floyd Olson, county attorney, for questioning.

She spent more than a month in jail and under bail at LaCrosse before extradition proceedings were quashed after a Hennepin county grand jury found her blameless for the death of K. B. Birkeland. She was suspected of being the Mae Reynolds who rented the apartment where Birkeland's body was found. With her attorney, W. J. Quinn, Mrs. Hodge is laying plans for a civil action against Alvoe Birkeland, son of the dead minister, who made the complaint charging Mrs. Hodge with murder.

## ELKS BUILDING 3 STORIES HIGH

To be Erected at an Estimated Cost of \$115,000. Says Architect Fisher

### ENTRANCE ON LAUREL STREET

Light Colored Brick and Trimmings, Italian Architecture Dominant

#### Note

Long distance telephone conversation with N. W. Fisher, of the firm of Schaeffer and Fisher, architects of St. Cloud, this morning, description was received as to the appearance of the new Elks home and hotel when erected at the northeast corner of Sixth street and Laurel street. More complete information will be received when Mr. Fisher arrives in Brainerd Monday to discuss plans with the building committee.

The entrance to the club room, bowling alleys, and hotel will be situated on Laurel street Mr. Fisher

said. The building which will be three stories and basement, to be erected at the estimated cost of \$115,000 will be fire proof throughout and modern in every way.

The building will be constructed of light colored brick on the outside with trimmings to match and finished throughout with Italian architecture.

Sample rooms for the hotel will be located in the basement while on the first floor besides the lobby there will be a large private dining room. The second floor will include a lounge room 18 feet by 55 feet, card and billiard room, and the Elks' lodge room which will be 46 feet by 75 feet. The hotel will have 35 room accommodation, 14 with private baths, seven with showers, eight with accompanying baths, and six with wash.

#### Old Maid's Association

The Old Maid's Association will meet at the Methodist assembly rooms Friday evening, April 16, at 8 o'clock, as reported to the Dispatch by Rev. Morris Eversz.

## JOHN SEAMAN GARNES TO SPEAK SATURDAY

Saturday afternoon the Musical club will have the great pleasure of listening to John Seaman Garnes, who will read Rachel Crothers "Expressing Willie." Those who remember him in Monsieur Beauchamp will make every effort to hear him read this most enjoyable modern comedy.

Mr. Garnes has that great asset in the public reader of visualizing the different characters so that they are distinct in the eyes of the audience. As this is the last meeting on the regular schedule, all are urged to attend.

#### Mesdames Nesheim and Nelson Entertain

Mrs. Theodore Nesheim and Mrs. Mary Nelson entertained a few guests at the home of the former, 815 South Seventh street, on Thursday evening at a 6 o'clock dinner. Those present were Miss Christenson, Miss Swanberg, Miss Varner and Miss Lowey.

## FOREIGN ANCESTRY OF AMERICA

HOWARD COPELAND HILL in his "Community Life and Civic Problems," speaks of the foreign ancestry of America. True, most of us came over, or our ancestors did, and the only real American, so far as permanent residence is concerned, is the American Indian.

Says Hill: "Most of us cannot go back very far in our family history before we strike ancestors who were born in England, Ireland, Scotland, Germany, Italy, Russia, or some other country. In fact, one out of every three of us either was born in a foreign land or is the child of a father or mother who was born in a foreign land. At most, none of us can trace our American ancestors back farther than three hundred years.

"If you will make a list of the last names of the people who live in your community you will find words which contain such syllables as Mac, berg, ton, ski, ing, duff, vitch, mann, stein, son, ini, thal, fitz, and feld. These syllables show students of language the nation or race from which we or our ancestors came. Most of the 'Macs' came from Scotland or Ireland, the 'bergs' from Germany, the 'tons' from England, and the 'skis' and 'vitches' from Poland or Russia.

"How many nations are represented in America! All contribute to the interest of American life—the thrift of the Scotch, the wit of the Irish, the tenacity of the English, the methodical qualities of the German, the courtesy of the French, the art and patience of the Slav, the light-heartedness of the Italian—and all are needed to enrich the America of the future."

## FARMING IS THE BASIC INDUSTRY

FARMING is the basic industry of America. If the farmer prospers, we all prosper. His good fortune is reflected through every stage and strata of life. If depression seizes the farming industry, all industry in turn lacks the life spirit engendered by agriculture, becomes atrophied and eventually dies.

The National Industrial Conference Board finds that the farming industry buys six billion dollars worth of goods and services of other industries annually.

It supplies materials for industries employing nearly half of the industrial workers.

Supplies about one-fifth of the total railroad freight and half of the total value of all exports.

Farmers pay in taxes one-fifth of the total cost of government in the United States.

Farms represent one-fifth of the total national wealth, and contribute one-sixth of the total national income.

In 1921, their value amounted to \$65,000,000,000, against \$44,000,000,000 invested in manufacturing industries.

The great dependence of industries on the basic materials furnished by agriculture, demands the maintenance of an adequate and well balanced agricultural production, lest the nation become dependent on foreign countries for such materials necessary to industry and economic life. Farmers, therefore, are vitally interested in a fair tariff, free from any political juggling.

In order to get front page in the news these days one must be prosecuted or seemingly persecuted. Witness the tribulations, the recriminations and statements hurled at that 3.75 per cent beer tonic. This was followed a few days later by an attack upon our esteemed friend Mencken's magazine. It seems an article entitled "Hatrack," whatever that may be, didn't agree with the moral sensibilities of a Boston society and they haled Mencken and the magazine into court. Mencken figured on going to the U. S. supreme court with the case, but the judge found time to read the article and dismissed the case.

TALKING about verbatim reports. The only one favored with the publication of a verbatim report is the President of the United States, when he gives his inaugural address. Verbatim reports of civic bodies often carry much routine business. Verbatim reports are made of convention proceedings, for instance the rural carriers had a court reporter take down every word of their proceedings and so did the Minnesota State Dairymen's Association. It is expensive to secure and it is also very expensive to have the proceedings transcribed and published.

THE committee investigating the Brookhart-Steck senatorial contest has reported in language of the man of the street that Brookhart is a sort of a doublecross artist. The committee charged that Brookhart had repudiated his agreement with Steck for the recount. Both agreed as to the manner of accounting for the ballots, but after the result was found to be unfavorable to Brookhart he repudiated his agreement.

ARTHUR BRISBANE's desk is just like a country editor's desk, full of papers and books and letters and clippings. In a narrow canyon with solid walls of such stuff, Brisbane ducks his portly frame and dictates his editorials. We suppose if his wife ever entered that sanatorium and as much as disturbed the location of a single paper, his whole train of thought would be ditched for a day or more.

WE don't think much of this father-son, brother-brother, etc., family business entering politics. There are enough fights in some families in the natural course of life without entering the domain of politics to seek for more.

MORRISON county had a county treasurer who served some 20 years and will not be a candidate for re-election. A mad scramble for the office has ensued, six filings having been recorded.

THE craze for fiddlers has already raised the price of rosin, but the resulting boom does not seem to have struck the cat market as yet, says the Boston Transcript.

THE late Gerald Chapman, super-bandit, got almost as much newspaper publicity, in his last few days on earth, as Pabst's 3.75 per cent malt extract.

SOME of our prominent citizens succeed in getting their faces on our money, says the Land O' Lakes News. Most of us are satisfied just to get our hands on it.

WHEN a man says, "I run things at my house," he may mean the furnace or the washing machine, says the Altoona Mirror.

## Editor Dispatch:

The citizens of Brainerd are not receiving the minutes of the proceedings of the city council as they are taken by the city clerk and I take this opportunity of advising them of the fact. I believe that the citizens are entitled to a certified copy of the proceedings of the minutes and not such as was published in the Dispatch of April 5th, city council proceedings. I think the city clerk should see that the citizens are furnished with a certified copy of the minutes. The city of Brainerd employs a stenographer and I believe that the city council should see that she takes the minutes of the proceedings of the city council and makes duplicate copy of same, sending one copy to the Dispatch.

Do the citizens of Brainerd want this kind of information? I surely was a little angry when I read the preceding of Monday night's meeting which did cover a lot of information that I think the citizens are entitled to and should have. Remember this is your money that the city council is spending and I believe you should know how it is spent.

The council allowed the salary of Erick Graff, captain of the police force for all time while off sick which was in all about 35 days at the rate of \$115.00 month, amount \$131.45. In addition to that we hired a man in Erick Graff's place which makes double pay on this position. He also was allowed by the council a two weeks vacation as he was the only policeman with one year's service. While taking his vacation the other policeman doubled on his shift and received no vacation on account of not having one year's service as per motion by the council. The chairman of the finance committee made objections to having Mr. Graff on pay roll and asked the question of what authority he should be shown on the pay roll without first being taken up with the council. The salary of the first half of March went over the same way and will say faithfully that I did not catch this item until it had been paid. Christ Elvig made a motion which was seconded by E. Ritari to allow the salary. I made an amendment that as long as the council were giving away some money, that we allow all city employees sick leave with pay not to exceed 30 days seconded by Mr. Lewis. The reason for this was to counteract the motion and put the council on record for their personal way of doing business. The amendment lost. Mr. Holmstrom asked for ayes and nays on the original motion. Did you see this in the paper? I could not find it. Motion carried 6 to 4. Majority rules? Do you want this kind of information? I made a motion which was in regards to money left by our honored citizen Leon E. Lum and gave it to the city clerk in writing which was shown in the Dispatch. Only about half of the motion was shown. I

am not taking this stand for publication. I am willing to stand on what I do in the city council and I am not ashamed of it but I do want to see that the citizens of Brainerd get the information that they are entitled to.

We as a body are just acting for the citizens. I hope that this little article will have the desired effect and hope that you will in the future be given the proceedings of the council as they occur.

Respectfully yours,  
MARTIN ANDERSON,  
Vice President of Council.

ATTEMPT TO  
OVERTHROW GREEK  
DICTATOR FAILS

By ANTHONY KELDRAIS  
(United Press Staff Correspondent)  
Athens, April 9.—An attempt to overthrow the Greek dictatorship established by General Pangalos failed today.

The revolutionaries sought to launch their coup from Salonika and assembled there. Pangalos sent an ultimatum demanding immediate cessation of revolutionary activities and the plotters surrendered unconditionally.

Vienna, April 9.—Greek sailors mutinied today in Salonika, according to an official dispatch received from Athens.

The Greek navy was reported to be rushing to the scene at full steam, although it was believed the local government in Salonika would be able to control the situation.

## ROADS ON VERGE OF DRYING OUT

Highways Are in Fair Condition,  
But Need Cautious Use For  
Next Few Days

### BRAINERD ROADS GOOD

Some Sections Limited to Two Ton  
Loads. Others May be Limited  
in Few Days

Minnesota trunk highways are reported in generally fair condition by today's bulletin from the state highway department. A number of roads are indicated as being fair, and these must be cautiously used during the next few days to prevent their being damaged in the drying out period. Overtaxing the roads at this time, according to the bulletin, may mean the expenditure of thousands of dollars to put the roads back in good condition.

Roads near Brainerd are generally in good condition. Some have been under a limitation of two ton loads, and in certain sections of the state similar restriction may have to be placed within a few days on additional roads.

Conditions in detail covering "Babcock roads" marked with official yellow stars, on the roads leading into Brainerd, are as follows:

T. H. No. 2—Duluth, Brainerd, Wadena, Detroit, and Moorhead—264 miles—Duluth, paved—Carlton, good—Tamarack, fair—Aitkin, good Brainerd, good—Staples, fair—Wadena, good—Moorhead.

T. H. No. 18—Elk River, Milaca, Garrison, and Brainerd—102 miles, all good.

T. H. No. 19—Brainerd, Cass Lake and Walker—97 miles—Brainerd, good—Pine River, fair and better—Walker, good—Cass Lake.

T. H. No. 27—St. Cloud, Little Falls and Brainerd—66 miles—St. Cloud, paved—Belle Prairie, detour good—Brainerd.

### PINE RIVER

#### GIRL DISAPPEARS

Chicago, April 9.—(UP)—Miss Isadora Anderson, pretty 23 year old graduate nurse from Pine River, Minn., today was the object of a search here, following a report from her roommate, Miss Louise Knipfel, that she disappeared on Wednesday morning.

### NEW TRIAL IN

#### LEBAN SUIT

St. Paul, April 9.—(UP)—The state supreme court today ordered a new trial in the suit of John Leban, against the Range Rapid Transit Company. Leban won a verdict of \$3,000 for injuries in a motor bus at Eveleth. Judge Edward Freeman of St. Louis county set aside the verdict and found for the defendant company. The supreme court reversed him today.

### FAVORS STATE

#### REFERENDUM ON LIQUOR QUESTION

St. Paul, April 9.—(UP)—A state referendum on the liquor question is favored by Fred A. Snyder, candidate for the republican nomination for Congressman from Ramsey county.

He promised to vote in congress according to the dictation of such a referendum, if he is elected.

### QUESTION THE

Annual Training Conference Being  
Held Today And Tomorrow  
at Cloquet

The annual Hi-Y officers training conference for the clubs in this region is being held in Cloquet today and tomorrow, with four newly elected officers from Brainerd attending.

Mark Patterson was elected president for next year, succeeding Raymond Nicholson. Mark was president last year, the first year of the organization. Frank Bane is the new vice-president, Mauritz Hagberg is secretary, and Howard Nicholson was re-elected treasurer. These officers all drove to Cloquet this noon, together with Alfred Dillan, advisor of the club.

The first meeting is tonight, at a banquet in the Cloquet Y. M. C. A. Tomorrow the time will be taken up with the training classes in Hi-Y work. The delegation will return tomorrow evening.

### HIGH SCHOOL

#### HAS GALA DAY

300 Pupils Come to Studies in Regalia Resembling Mardi Gras Joymakers

### TEACHERS HELP CAUSE ALONG

Today as Known in Collegiate Phraseology is "Seniors' Day"

The Washington high school presented a gala appearance today when the 300 pupils in attendance there came to their studies in regalia, similar to joymakers attending a mardi gras. But the teachers didn't mind, they even helped the cause along a little themselves, because today is what is known in collegiate phraseology as Seniors' day, one day set aside in the year when each pupil to live up to the spirit of the school must come to school dressed in costume.

At noon the pupils were all eager to show their art at makeup on the streets of Brainerd with the result that visitors to Brainerd this morning inquired as to what celebration was being held in Brainerd today.

Lessons in school this morning were forgotten for a short while but when the novelty faded, the pupils soon became engrossed in their studies.

# DILG IS DEPOSED AS WALTON CHAIRMAN

## THE STORMIEST SESSION EVER HAD BY THE LEAGUE

### HE BARELY CALLED MEETING TO ORDER WHEN HE WAS SWEEPED FROM CHAIR

### CHARGES OF GROSS MISMANAGEMENT, ATTEMPTS TO RUIN THE LEAGUE

By BERT M. DENBY  
(United Press Staff Correspondent)

Chicago, April 9.—After the stormiest meeting ever experienced by the Izaak Walton League of America, Will H. Dilg, president, and the man who founded the organization, has been deposed as temporary and permanent chairman of the fourth annual convention.

Dilg had barely called the meeting to order when he was literally swept from the chair by a storm of noisy demonstration. As he tried to bring the meeting to order, five or six delegates were continually clamoring for the floor.

Charges of gross mismanagement of the organization and of attempts to ruin the league, were back of the organized move to depose the man who has been at the helm of the league while it has grown from an organization with 100 members four years ago to one of 200,000 members at present.

A heated argument came up over Dilg's travelling expense account. The Dilg supporters maintained that the president's large expense account was made necessary because of numerous trips to Washington in the interest of legislation backed by the league.

Dilg called the convention to order while one delegate was clamoring for the floor with a motion to elect a temporary chairman. Dilg ruled the motion out of order.

Immediately after the invocation was finished cries of "You can't be a czar." "Do you think you're a king?" broke loose in the hall.

The body immediately took matters into its own hands and amended the by-laws so that it was possible to appoint Dr. Henry Baldwin Ward, professor of zoology at the University of Illinois, as temporary vice president.

Clark Venable, Chicago, was later voted permanent chairman of the convention.

Dilg, in his closing address before the convention a few minutes later, urged the body to continue its fight against the interstate shipment of black bass.

The meeting will close Saturday with the election of officers. Dilg is a candidate for re-election, but his defeat in the first session is regarded as almost a death blow for him.

However, it was said around the convention hall, that Dilg may be able to muster enough strength to put up a hard fight.

### TRACTOR SUIT IN SUPREME COURT

St. Paul, April 9.—(UP)—Tony Oidesi, Le Sueur county farmer, bought a tractor, claimed it defective, had it replaced and then refused to pay for the second one because it was not the one he bought.

The supreme court today made up his mind for him and ordered Tony to pay the Automotive Tractor & Sales company \$1,500.

### HALF MILLION DOLLAR CONTRACT BUILDING STREETCARS

St. Paul, April 9.—(UP)—Construction of 33 light weight street cars for Chattanooga and Nashville, Tenn., and Evansville, Ind., railway companies will start Saturday in the shops of the Twin City Rapid Transit Company. They are to be manufactured on a cost plus basis, with a total contract value of around \$500,000.

### LOWELL SCHOOL WINS 2ND GRADE SCHOOL TITLE

WON FROM HARRISON, WHITTIER AND LINCOLN SCHOOLS

GUIN, RASCH, STANLEY STAR IN NORTHEAST'S VICTORY

The Lowell school won the grade school championship for the second successive time by defeating the Harrison, Whittier and Lincoln schools in the tournament games played at the high school this week.

On Monday evening the Lowell team swamped the Whittier youngsters by a top-heavy score, 17 to 1. The next night they won again, this time from the Lincoln, when Halvorson and Thomas did brilliant work to keep the towering Lowell players to a measly 4 to 3 victory. On Wednesday night the Lowell team won from the Harrison, 16 to 6.

The Lincoln players took second place, winning from the Harrison, 13 to 8, and from the Whittier, 18 to 1, and losing only to the Lowell. The Harrison school whitewashed the Whittier in the other game played, 18 to 0.

The interest taken in the games was greater than ever before. The gym was filled each of the three nights of the tournament, and the school children present exhibited much enthusiasm in cheering their favorites.

Last night the Mixed Grade and the 8th Grade of the Washington school played, and tonight the winner will meet the Lowell school for the city school championship. The referees of the games played were Fitzharris and Willard Heikkinen.

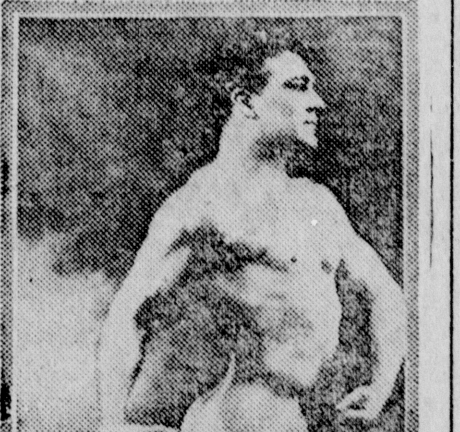

Marshall coached the Lowell team to victory, and deserves fine praise for his work. Frank Wise was the Lincoln coach, Oscar Lawrence was the Harrison mentor, and Cal Orth handled the Whittier boys.

The teams were as follows: Lowell—Rasch and Marshall, forwards; Guin, center; Stanley and Swearingen, guards.

Lincoln—Cass and Halorson, forwards; Thomas, center; Schuetty and Hoopman, guards.

Harrison—Oravala and Heikkinen, forwards; Hautala, center; Dybvik and Anderson, guards.

Whittier—Kyllo and Nelson, forwards; Golemboske, center; Trommald and Klevens, guards.

### N. P. BRAINERD TEAM ANXIOUS TO PRACTICE

AIM TO BE ONE OF FASTEST NINES IN INDEPENDENT BASEBALL

BRAINERD AT NEW YORK MILLS FOR OPENING GAME MAY 16

With only a month away before the opening date of the Independent baseball league in which the Brainerd Northern Pacific nine will be worthy contenders for the title, the railway boys are gradually being rounded into the playing line. With the present "dope" to bank on, it looks very favorable for Brainerd. An even better showing of the Brainerd team is anticipated this season than before as keen competition for positions on the team will make the players fight harder than ever.

While the grind is going to be hard, the N. P. management feel confident that the railway boys are going to come out on top. They aim to have one of the fastest nines in the north.

On May 16, the opening date of the season for the N. P., Brainerd will meet New York Mills at the latter's grounds. Already eleven games have been booked to cover the season until July 25. The games already booked follow:

May 16, Brainerd at New York Mills; May 23, Sebeke at Brainerd; May 30, Brainerd at Winona; May 31, Brainerd at Winona; June 6, open date; June 13, New York Mills at Brainerd; June 20, Brainerd at Albert Lea; June 27, Brainerd at Sebeke; July 4, and 5, open; July 25, Brainerd at Moose Lake.

The officers of the Brainerd N. P. team this year are: Ed. Whitting, manager; L. Peterson, assistant manager; J. P. Anderson, treasurer; John Vanni, secretary.

The municipal ball park where all important ball games in Brainerd are played, is partly covered by water but it is expected that, with the dry weather coming on, the field will be good shape in a short time. All the boys are eager to feel their gloves and have a bat in their hands for the opening practice.

The Brainerd team is composed chiefly of home material, boys who have grown up with the city and have played ball in the junior leagues. This is one of the main reasons for the success of the Brainerd ball team.

Walter Schwindeman will take the burden of the receiving for the team. He is a live catcher, a good stickler, and heavy on the willow. "Cannon Ball" Olson, that smoke-ball heaver from Sebeke, and Carl Tracy, the Pequot man with the mean bends will handle the twirling with Jones as relief man on the mound. This trio of heavies should be the worry of all opposing teams in the league. "Lefty" Hanson will take care of the initial hassock. He has performed three years for the Brainerd team on the first sack and for infolding and hitting he is hard to beat. "Lefty" batted .373 p. c. last year. "Shorty" Uddenberg, another well known player on the Brainerd team at the keystone position for the past three years will occupy that position again this year. "Shorty" will be remembered by the Brainerd fans for his heavy clouting last year, especially in the pinches. Petersen will hold down short stop. He has no opposition for that position for everyone knows who has lived in Brainerd that "Pete" is unquestionably a master at the art of baseball. This will be his third year also for the Brainerd team. He is a true Brainerd ball product, having played ball here since he was eleven years old, and he is 22 years old now although he did not wish to divulge his age. For years he was a Y. M. C. A. ball star here. The look in corner position is open but it is expected that it will be filled by "Shorty" Weir from Aitkin although this is uncertain. Ringer will likely take care of the right garden, with Swanson, Ziebell fighting for the left field. It's almost a sure thing that Nutting, a new product to the team from Sebeke will take care of the centre garden.

The boys are all set for the opening practice which will be held as soon as the field is in proper condition to play on.

### HARRY F. PRATT FILES FOR SENATE

St. Paul, April 9.—(UP)—Harry F. Pratt, Zimmerman, today filed for the nomination for state senator from the 55th district comprising Kanabec, Mille Lacs and Sherburne counties.

### JOE BUSH TO WIN 20 GAMES

By HENRY L. FARRELL,  
(United Press Sports Editor)

New York, April 9.—Bucky Harris in addition to being a shrewd and successful young manager is one of the fastest talking salesmen in baseball.

If on a round of the southern training camps it was not necessary to talk to Harris, an observer could be forgiven if he didn't rate the pennant chances of the champion Washington Senators too high.

But after Harris gets through with his sales talk you leave him almost convinced that the Senators are a dead clinch and that they can't be beaten.

"We were better than any club in the American League in 1924 and 1925 and who is going to be any better this season? I tell you—no one is going to be any stronger than we are," Harris said.

"The Athletics are not stronger than they were last year but Kid Gleason may make them fight harder. The St. Louis Browns are no stronger and we certainly are better than we were last year.

"Johnny Tobin is going to be the surprise of the season in right field. Joe Harris will be a sensational batter with his eyesight restored in a bad eye and Joe Bush will win 20 games for us. I never saw Walter Johnson any better and Coveleskie has been cured of a lame back. Fred Marberry has lost the kink in his arm. Dutch Reuther is satisfied and Curley Ogden looks awful good. Peck's leg is all right and what else is needed?

"You've got to figure this too—in the majority of our games we will have a nine man offense when Johnson, Reuther and Bush are pitching. They're the best hitting pitchers in baseball and very valuable for pinch hitters.

"We'll cop the pennant by beating the best teams in the league. I know what kind of pitching will beat the Athletics and the Browns in every series we play against them and they'll see nothing else but. These boys are not youngsters as a class but they're experienced ball players, all in harmony and they know that a ball game is just a ball game and that a pennant is just a collection of individual wins."

In everything but age, the Senators look as good as the Athletics or the Browns and in the winning spirit that breathes with every player on the club, the champions certainly look and act the part of the class of the circuit.

Harris is responsible for that. He has the most magnetic personality in baseball, he has a sound knowledge of the game and a most sensible theory that he uses in handling his men. He has the confidence and the respect of every player on the team and they do what he tells them.

# ALVIN GRAFF IS INSTANTLY KILLED

Run Over by Freight Train of the Northern Pacific at Fort Ripley

## BODY FOUND BY FRIEND

Lad's First Experience Riding a Freight Proved a Fatal One

Alvin Graff, aged 20 years, son of Mr. and Mrs. Jacob Graff, 308 N. E. 3rd avenue, was instantly killed last night at Fort Ripley, about 20 miles from here when he was run over by the "hot shot" train of the Northern Pacific as he jumped from the train and was sucked in under the wheels. The body was found at about 9:30 o'clock by Verne Norquist, 515 League avenue, who accompanied Alvin on their ride to Fort Ripley, but who jumped off the train farther along the line as the train slackened pace.

The two boys caught the through freight here last night as it pulled out on its speedy flight to the Twin Cities. They apparently were unfamiliar with the points of stop along the road. It was Alvin's first experience riding a freight.

Alvin Graff lived in Brainerd all his life. He was born and raised in the surroundings of Brainerd, attending the Lowell school in his public school days and the Washington high school for two years. He was formerly employed at Storzbach's Meat Market and was to start work for the Cooperative store on April 15.

Coroner D. E. Whitney stated this morning that an inquest would be unnecessary. Inquiry made by him concerning the boy's death revealed that Alvin in attempting to jump off the train did not release his hold on the grab irons, hand grips forming a ladder up the side of the box car, his feet being sucked in under the wheels of the car. Both legs were cut off.

Alvin Graff was a member of the Zion Lutheran church of Brainerd. He is survived by his parents, Mr. and Mrs. Jacob Graff, five sisters, Ida, Caroline, Sophia, Helen, Margaret, and three brothers, Henry, William and George, of Brainerd. Funeral arrangements are not yet completed.

## BRAINERD MARINE BACK

Howard U. White, Returns to Quantico, Va., Station After Six Month Absence in Cuba

Howard Underhill White, son of Mrs. Carrie M. White, 219 N. 9th street, recently returned to his regular station at Quantico, Va., after spending six months with the U. S. Marines at Guantanamo Bay, Cuba, and was assigned to duty with the 20th company, 3rd Battalion.

During his stay in Cuba, White and his comrades were encamped near the shores of the bay in the most modern of military encampments. The camp had its own electrical and ice plants and was the last word in sanitation.

McCalla Hill, scene of some of the most important engagements of the Spanish-American war, was used as a camp site. A memorial to Marines who lost their lives in 1898 stands on the spot. Apart from their military duties the Marines enjoyed frequent athletic meets and visits to nearby points of interest.

Howard is 19 years old, was born in Brainerd, and joined the Marines last April, leaving for Cuba in September.

## GET TOGETHER LEGION BANQUET

25 Members of Local Corps Attend Function at Ironton Village Hall

### DRUM CORPS PARADES

Speakers Include State Commander O'Hara, Representative Scallion, Commander Hall

Twenty-five members of the local post of the American Legion of Brainerd attended the get together banquet of Legion members from Aitkin, Crosby, Brainerd, and Ironton, held at the Ironton village hall last night. Two hundred members attended, an attendance exceeding anticipation.

The Brainerd drum corps of 12 pieces which led the procession of members through the streets of Ironton previous to the banquet created quite a sensation.

State Commander O'Hara, Edward P. Scallion, representative of the district, and Commander Ray Hall, of Brainerd, were the principal speakers. Robert Mahue, of Ironton, acted in the capacity of toastmaster.

The Star Scouts troupe of Ironton were guests of the Legion at the banquet. Music was supplied by the Ragadours orchestra.

## WOMEN'S FEDERATION MEETS

Regular Meeting at Chamber of Commerce Rooms on Tuesday Morning, April 13

The regular meeting of the Federation of Church Women will be held at the Chamber of Commerce rooms on Tuesday morning, April 13, at 10 o'clock. All women of the city are especially invited to attend, the meeting being to consider problems of mutual interest to church women.

Mrs. M. L. Eversz, the president of the federation, will be in charge of the meeting.

## Dorcas Society

The Dorcas society of the Swedish Bethany church will meet tonight at the home of Mrs. Ross Smith, 823 5th Ave. N. E.

Mrs. Smith and Mrs. Ira Tomlinson will entertain. Everybody is welcome.

## SCHOOL BOARD RETIRES BONDS

\$5,000 More Retired, Leaving Only \$25,000 Total Bonded Debt of Brainerd District

### MAY SELL SCHOOL LOTS

Opinion on Sale of 6th Street Lots Sought From Attorney, Must be Submitted to Taxpayers

At the meeting of the school board on Monday evening, a motion prevailed to transfer \$5,000 from the general fund to the sinking fund, and the officers directed to draw the necessary warrants to retire \$5,000 worth of bonds falling due on April 1. This leaves only \$25,000 in bonded indebtedness left, one of the smallest amounts of bonds against any school district in the state.

Another matter of great interest before the board on Monday evening concerns the disposal of lots on the corner of Sixth and Oak streets. These lots were left to the city many years ago, for use as school property. In 1906 the board obtained a written opinion from Alderman and Mantor, attorneys, stating that it was their opinion that the board could legally sell the lots and render a satisfactory title thereto. The board on Monday determined to submit that opinion to F. E. Ebner for review, to learn if any recent rulings on such matters would effect such a sale. The board is considering the advisability of asking the taxpayers of the city for permission for the sale of these lots, provided a satisfactory title could be given.

### Playground Equipment

A communication was read from the Lincoln P. T. A. relative to playground space and equipment of the Lincoln school. Last year the P. T. A. spent considerable money repairing the equipment, and asks aid in continuing this work. The chief matter confronting the board, as stated in the communication, concerns the addition of playground space. The letter called the attention of the board to the completion of T. H. No. 27, scheduled for this summer, which will increase the necessity for care of school children at this school, the highway running past the school, and the dangers being materially increased. The association asks the cooperation of the board in the addition of space for play at the school, in the hope of keeping the children off the highway.

### Electric Range Installed

The building committee submitted a report covering certain things that had been referred to the committee at previous meetings. One related to the electric range for the Harrison school, which has been installed and is ready for use. Another matter relates to the playground equipment of the Park Board on school property, and the section of the report dealing with this matter is quoted herewith:

"The item of repairing the playground equipment for the Harrison school building has broadened out considerably, and now might be considered as concerning all the playground equipment on the grounds of the various school buildings."

## WE WANT TO BUY

LAKESHORE LAND on good fishing and hunting lakes. Also on rivers. Write us at once. Give full legal description. Address,

I. K. Knights Company  
732 Builders Exchange Bldg.  
Minneapolis, Minn.

In discussing this matter with members of the city park board, which board has no funds at all available for this purpose, we gather the information that the city park board would turn the entire playground equipment that is now on the school grounds over to the Brainerd school district. We believe this arrangement should be carried out. As the situation now stands the question arises from the park board's view, "Could they legally expend money on equipment over which they have no supervision?" The question would follow, "Can the board of education legally expend money for repair of equipment that does not belong to the school district?" Expenditures for this purpose would really have to be in the nature of a donation. Therefore we would suggest that the proposition of the park board, providing they make such proposition in writing, be accepted by this board, and when the transfer is made that your building committee be authorized to employ a competent man to place the equipment of all the school buildings in proper condition for usage by the children. Your committee has such a man in view."

The building committee reported further that the Brainerd Gas Co. has investigated the condition of the cooking equipment of the domestic science department of the high school, and the report of the company was appended to the report of the committee. The report was received and ordered placed on file.

### Election of Teachers

The committee on teachers reported that they would be ready to submit a report on the annual election of teachers within ten days, and this matter will be taken up at a special meeting of the board.

The committee on fuel, supplies and printing reported the purchase of a carload of coal for the Harrison and one for the Lowell building. The board directed the committee to purchase 20 or 30 additional tons for the Washington building.

The committee on health and sanitation presented the monthly re-

### Commencement Speaker

Supt. W. C. Cobb announced that he has secured Dr. Roy L. Smith, of Minneapolis, as the speaker at the commencement exercises on May 28. Dr. Smith will be remembered for his chautauqua lecture in Brainerd last summer. The superintendent announced that Dr. Smith is able to accept the Brainerd engagement because a previous engagement for that evening has been cancelled. All members were present at the board meeting Monday evening except Mrs. J. A. Thabes and F. M. Hagberg.

### Aged Resident Died

Cold Springs, Minn.—Mrs. Joseph Beck, a resident of Stearns county for 59 years, was buried today. She was 69 years old.

## SAYS HEALTH OF THE WORKERS SADLY MENACED

4,000,000 WORKING MEN AFFECTED BY PROHIBITION ACT

WILLIAM S. ROBERTS, OF AMERICAN FEDERATION OF LABOR, TESTIFIES

Washington, April 9.—Development in the senate battle in the prohibition hearings today: Statements by two labor leaders that stokers and men performing similar labor should have beer, as water could not quench their thirst.

A statement on behalf of William Green, president of the American Federation of Labor, that men and women workers view prohibition with alarm because of poisonous liquor resulting therefrom.

James O'Connell, metal trades labor leader, described an old time saloon with free lunch, which was now operating in New York.

A warning by O'Connell that "you can't regulate drinking or females smoking cigarettes any more than you can fly."

A statement by President Frey of the Ohio Labor Federation that "one of the driest governors we have elected in 12 years owed his election to a deal with the liquor interests."

The governor's name was not brought out.

By PAUL R. MALLON

(United Press Staff Correspondent) Washington, April 9.—The health of 4,000,000 working men is menaced by prohibition, William S. Roberts of the American Federation of Labor, told the senate prohibition investigating committee today, presenting labor's plea for beer and light wines.

Good beer and light wines would be beneficial, Roberts argued.

Roberts outlined a 30,000 mile trip across the country which he took with the late Samuel Gompers.

"Everywhere there was plenty of distilled liquor but seldom real beer," he said. "We found homes of the people had been turned into breweries and distilleries turning out dangerous concoctions which would ruin the health of those who drank them to any extent."

"They all asked us, when is congress going to realize that the manufacture and sale of beer would make for true temperance."

Roberts outlined the following effects which his organization believed had resulted from prohibition:

"A general disregard of the law among all classes of people, including those who made the law."

"Creation of thousands of moonshiners among both country and city dwellers."

"Creation of an army of bootleggers."

"An amazing increase in the traffic in poisonous and deadly concoctions and drugs."

"Increases in taxes to city, state and national governments amounting to approximately one hundred million dollars a year."

Senator Walsh, democrat, Montana, dry, acting chairman of the committee during illness of Senator Means, republican, Colorado, questioned the labor leader concerning how many individual organizations of the federation had gone on record for beer and light wines.

He said all organizations had joined the federation in the movement. William J. McSorlie, president of the building Trades Department, and Andrew Furseth, president of the International Seamen's Union, protested what they called the unfairness of the Volstead act to the working man.

John P. Frey, of the Ohio Federation of Labor, said he had gone to

few homes in the state of Ohio in which he had not been offered home brew, moonshine or "bonded stuff."

He was then questioned by the wets and dries regarding the moisture of political parties in Ohio, but the argument was dropped when he finally said: "One of the driest governors we have elected in 17 years owed his election to a last minute understanding with the distillers and liquor dealers."

"Let's don't ask that governor's name," Walsh, the dry, said smiling. "I just want to let you know that it does not mean anything that both political parties in Ohio have dry planks in their platforms," Frey said.

He then pointed out that dance halls were being regulated but not the sale of cards.

"Flaming Waters" Thrilling Oil Field Picture at Lyceum Saturday

Heralded as the most colorful epic of the oil fields ever put on the screen, and living up to its reputation.

tion in every locality where it has been shown, "Flaming Waters" comes to the Lyceum theatre for Saturday only. F. Harmon Weight, who made film history with "Dracula With A Million," directed the production.

Hail Greatest Fashion Film Critics who have already seen Colleen Moore's latest film, "Irene," proclaim it the greatest motion picture fashion show ever exhibited.

For the production a fortune was expended in designing and creating original gowns for the little star and a troupe of sixty Hollywood beauties who appear with her in the picture.

"Irene" comes to the New Park tonight for a three day run. In addition to Miss Moore the cast includes Lloyd Hughes, George K. Arthur and Charles Murray.

Lillian Gish in "Romola," her most beautiful picture, opened at the Lyceum theatre yesterday for a run of two days. "Romola" is a story of the exciting life of the Florentines during the Italian renaissance, and is an adaptation of the novel by George Eliot. It is one of the outstanding pictures of the year.

## STOCKS DEVELOP BETTER TONE

New York, April 9.—(UP)—Stocks developed a better tone in today's late trading largely due to week end covering. Professionals working for lower levels handicapped by an over crowded following on the short side and by the lack of any considerable volume of liquidation. This situation caused them to start a partial retreat in the afternoon, after new lows on the movement had been seen in Steel, General Electric, General Motors and other industrial leaders and the closing deals were marked by a rallying tendency in the general list. Testimony to the more comfortable situation prevailing in local credit circles was afforded with the steadiness maintained by demand money at 4 per cent, notwithstanding heavy calling of loans which aggregated practically \$20,000,000. That such a sizable amount could be withdrawn from the market without creating a money flurry, was due to heavy stock market liquidation over the last few hours.

The market closed irregular.

Advertisements are wise counselors for housewives, young and old

And she'll meet her responsibilities and fulfill her duties easily and well. She won't become a tired, flustered, inefficient drudge. Because her home will be modern, attractive, well-run, she'll keep young—through the speedy years she'll retain much of that shining-eyed, merry freshness. She and the "boy friend."

They'll help her to become the capable, wise housewife she wants so much to be. They'll tell her what clothes are best and what prices to pay for them. They'll tell her about the foods to buy, the electric appliances, the linoleums and draperies. They'll help her, as the advertisements in this newspaper can help you.

They'll make mistakes, but they'll learn quickly. She'll begin to be canny in the spending of money—to question prices and values. She'll begin to read about the things she plans to buy, to find out all she can about them. She'll become a regular reader of advertisements.
